

New Perspectives

June 9-10, 2014

Welcome!

- New Perspectives + Users Meeting Poster Session are meant to showcase young talent.
- 4th year running for New Perspectives
- We're very happy to have you all here.

Agenda

- Leisurely schedule....
- Today and tomorrow afternoon — Your fabulous talks
- Tomorrow morning....
 - Open session for “Elevator Pitches”

Fermilab Student and Postdoc Association

- Three Graduate Students and Two Postdocs
- Act as a representative of the student and postdoc community, encouraging an active role for students and postdocs in the Fermilab community.
- Encourage a social community between different experiments.
- Help with outreach and educational programs

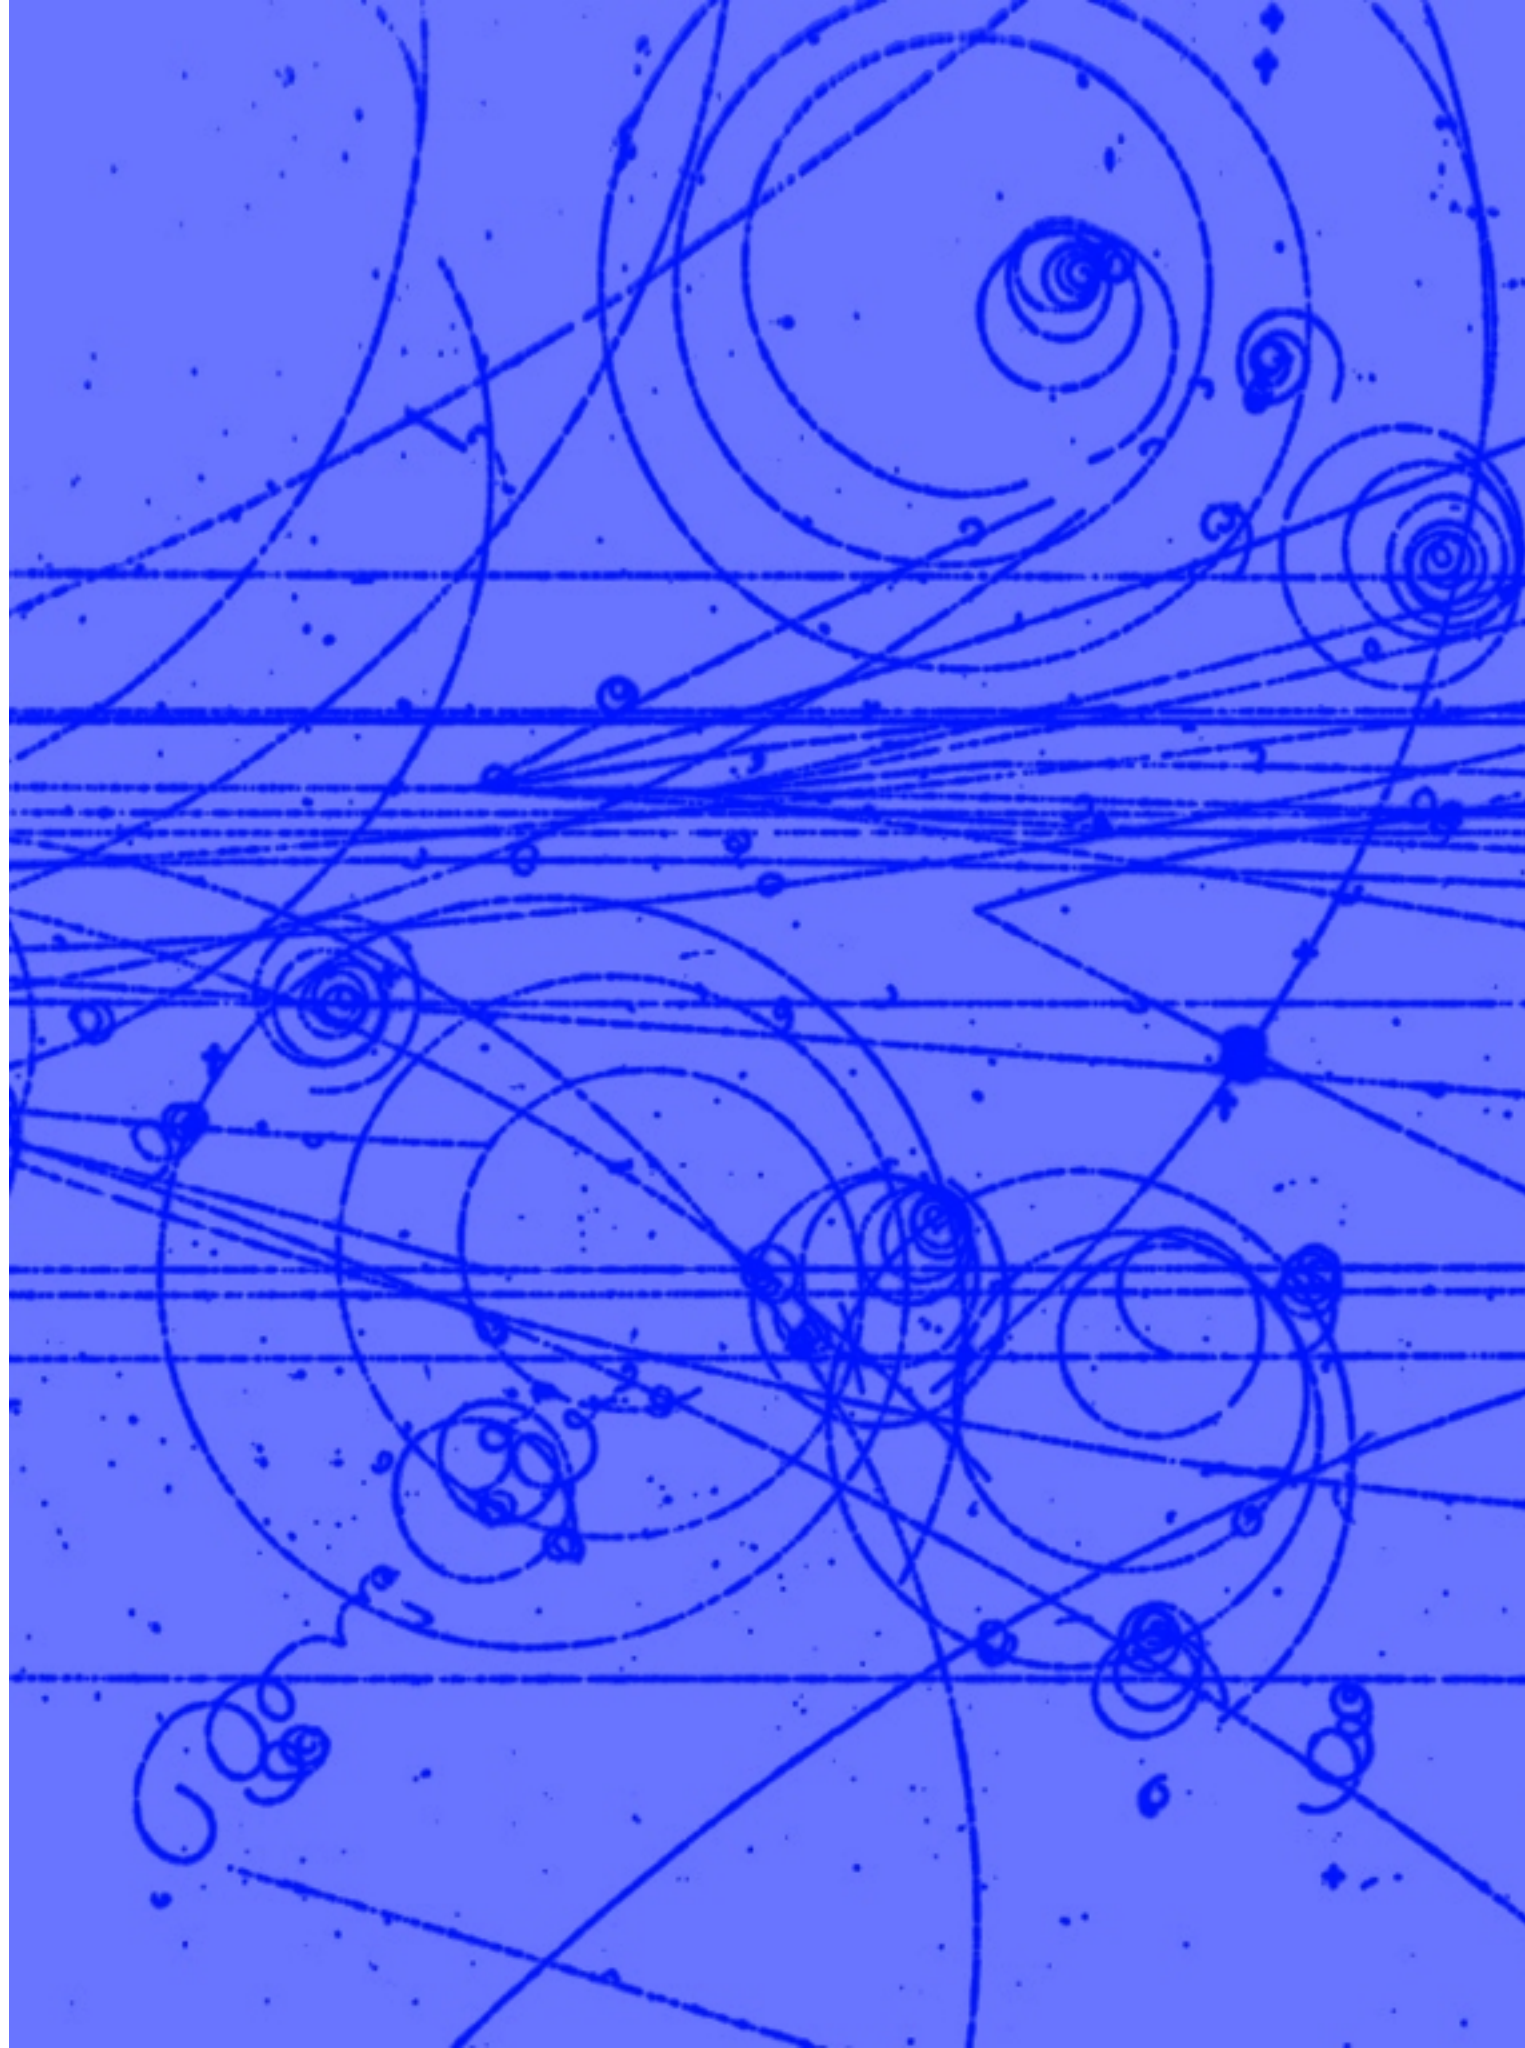

DC Trip

- Every year, the UEC takes a trip to Washington DC.
- Meet with Senators and Representatives to discuss the future of High Energy Physics in the United States
- This year we were a company of 50 people, who had 342 meetings over the course of three days.
- Pitched the P5 Report

“Why does Particle Physics Matter?”

- One minute elevator pitch
- Doesn't have to be about Particle Physics in particular.
- Important exercise for speaking with the public.
- There is some information and tips included in your packet.

Thank you
